

SEED GIVEAWAY FOR SCHOOLS AND COMMUNITY GARDEN PROJECTS

Monty Grows has generously donated over 300 seed packets and other garden materials for Keep Charleston Beautiful to give out to local school and community garden projects. More information on Monty Grows can be found online at www.montygrows.com.

To request seeds or any of the other materials send a short request email to Keep Charleston Beautiful at ScalesJ@charleston-sc.gov. If possible, we ask that your group or class send us a Thank You note and pictures addressed to Monty Grows so we can share our community gratitude with them.

We will give out seeds and materials until supplies run out.

Thank you all,

Jennifer Scales
